Subscription Service Benefits

Teachers may use software on school-owned, school-leased and on personally owned (**Teachers only**) computer at school or at home.

Schools are provided with a single manual version of “Make Amazing Games in Minutes”, which provides tutorials and product advice.

Schools are provided with a single copy of any additional books that are released for the product they have chosen when they become available.

Students at any site-licensed school can purchase TGF2 or MMF2 for a 30% discount. A school discount code will be provided.

Bonus packs, and patches will be sent out on **CDROM** as they become available.

Priority **email support**. Dedicated support email address, which is only used by subscribers.

Additional graphic libraries released throughout the year **free** of charge.

Tutorial files and teacher support documentation will be provided **free of charge** throughout the year.
